Beltone. Helping the world hear better
Beltone was founded on the act of helping a friend to enjoy life more. Since 1940, we have provided knowledge, tools, service and training to the professionals servicing the hearing impaired. Beltone makes quality hearing care available to more people. To do so, we develop technically optimal hearing solutions without ever losing focus on the individual's needs. It is our belief that no individual should be denied the possibility of an improved life with better hearing.

 **Beltone™**
Helping the world hear better

 **Beltone™**

Quality sound is at the core of Beltone Origin.

We started with a simple premise: Make a hearing aid with advanced technology that allows all people access to hearing care.

That is how Beltone Origin began.

We took technology from our most sophisticated products and simplified it into a hearing instrument that delivers excellent sound quality, and is still easy to use.

Advanced features built around your life.

With these great features, Beltone Origin greatly improves the quality of life for anyone who wears them.

Directionality: You can focus on speech when and where you want to, while background noise gets less distracting.

Feedback Management: Helps eliminate annoying whistling sounds to make your hearing clean and clear.

HPF⁸⁰ NanoBlock: The industry leading HPF⁸⁰ NanoBlock, protects the entire hearing aid from moisture and debris so your hearing instruments will last longer.

A style to fit your needs and preferences.

Beltone Origin offers you a wide variety of models in all power levels to fit your unique needs. Plus, all Beltone Origin instruments are available in a range of colors to match any skin tone or hair color.
